

PREVIOUS EXHIBITOR APPLICATION CHECKLIST

It is assumed that if you have previously exhibited at the Made in Montana Tradeshow in the past 5 years, you have already fulfilled jury requirements. However, the show management reserves the right to ask for further information if necessary from returning exhibitors.

Admission is not guaranteed on first-come-first-serve basis. All applications are to be evaluated by Tradeshow committee.

Complete registration for previous exhibitors includes the following:

- Completed, electronically signed and dated Exhibitor Application
- Product photos or digital images (JPG format) OR typed descriptions of products you will sell at the trade show
- Copy of food product labels, if applicable. * (If you have multiple labels, just send your top 5)
- Copy of current Montana Food Manufacturing License, if applicable. *
- Payment information (check, credit card, ACH).
 - This will not be processed until your application is approved. You will be sent notification at the same time.

** Food labels and a Montana Food Manufacturing License are required for an exhibitor to sample or sell food or beverage products. All products sold at the show must comply with current food labeling and manufacturing laws.*
